

TACTIC-E Trial

Are you interested in contributing to COVID-19 research?

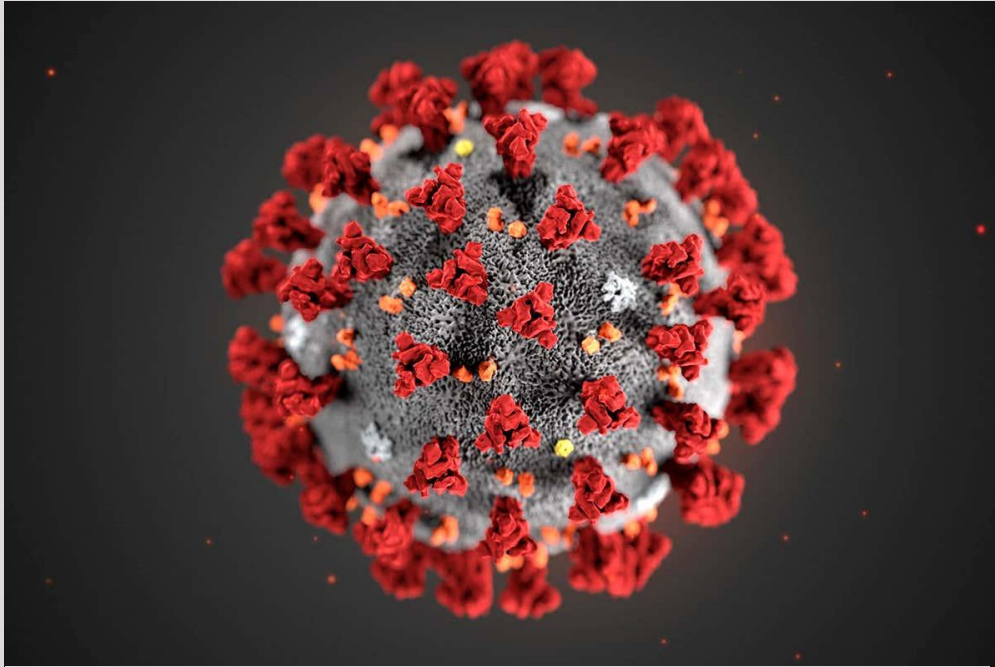

Image from CDC/Science Photo Library dated 14 April 2020

We are recruiting adults admitted to the hospital with COVID-19 symptoms to participate in a clinical trial.

The trial will investigate the effects of different drugs (EDP1815, Dapagliflozin with Ambrisentan) on COVID-19 patients.

If you think you may have a suitable patient and would like additional information, please contact our research team:
